Dynamic engineering graduate seeking a challenging position in Web development where I can apply my technical skills to drive innovation and contribute to project success.

EXPERIENCE

FRONTEND DEVELOPER

Albos Technology Pvt Ltd December 2023 – present

Beauty Emporium (Javascript, AJAX)

Developed a comprehensive website (Beauty Emporium) using HTML, CSS, and JavaScript. Designed a user-friendly interface showcasing diverse products (beauty, mobile, clothing, groceries, eyewear). Leveraged AJAX and API integrations for dynamic product information and a seamless browsing experience. Demonstrated expertise in crafting responsive and interactive websites that adapt to various devices.

Dine & Discover (Vue JS Framework)

Constructed a feature-rich restaurant discovery platform (Dine & Discover) leveraging Vue.js. Implemented CRUD functionality (Create, Read, Update, Delete) for streamlined restaurant data management. Utilized local storage and a RESTful API to guarantee data persistence and real-time content updates. This project showcased my expertise in crafting user-centric web applications with robust data handling capabilities.

SKILLS

- HTML
- CSS
- Bootstrap Framework
- Javascript
- Ajax
- JQuery
- MySQL
- Vue JS Framework

EDUCATION

RGPV UNIVERSITY, BHOPAL

B.tech Computer Science, 2019 - 2021
